

# Porsche 928 Electrics Figure Locator

ALL PAGE NUMBERS ARE HYPERLINKED

(FIGURES NUMBERED >35 ARE ONLY AVAILABLE IN THE MAIN 928-ELECTRICS DOCUMENT)

Figure 1	Wiring Diagram (WD) Grid: .....	5
Figure 2	Wire Color & Size Conventions: .....	6
Figure 3	Wire Connection Conventions: .....	6
Figure 4	Central Electric Wire Connections on Wiring Diagram (WD) Sheets: ...	6
Figure 5	Connection at Pin 1 Plug Connector T33: .....	7
Figure 6	Connections Wires at Wire Connector, Connecting & Ground Points: ..	7
Figure 7	Physical Location Aid: <i>(see Construction Components Sheet)</i> : .....	8
Figure 8	Ground Points Locator: .....	9
Figure 9	Further detail on ground point locations (for S4 models) .....	9
Figure 10	Inter-Sheet Connection Tags: .....	10
Figure 11	Wiring Loom & Connector Grouping Conventions: .....	11
Figure 12	Plug Connections Sheet Data: <i>(Example from '93 WD)</i> : .....	12
Figure 13	Plug Socket Connectors & Partial Connectors: .....	13
Figure 14	Simple Generic Switch Symbol Examples: .....	14
Figure 15	Porsche Switch Examples: .....	14
Figure 16	Switch Example Not Individually Driver Operable: .....	14
Figure 17	Directly Driver Operated Switch Examples: .....	14
Figure 18	Typical SPST Relay: .....	15
Figure 19	Stand Alone Motor Symbol Example: .....	15
Figure 20	Motor Systems Examples: .....	15
Figure 21	Electronic Module With Unlabeled Wire Tail Connector: .....	17
Figure 22	Examples of Porsche Compound Module Representations: .....	18
Figure 23	Central Electric (CE) Panel - Physical Representation: .....	19
Figure 24	Central Electric (CE) Panel Photo ('94 GTS): .....	20
Figure 25	Location of Fuse Numbers: .....	20
Figure 26	Relay Identification Labels: .....	21
Figure 27	CE Plug/Socket Physical Coding Slot Configurations: .....	21
Figure 28	Multiple Wires to CE Connector Plug Pins: .....	23
Figure 29	Single CE Plug Connector CE Sheet Representation: .....	23
Figure 30	Basic Connectivity – (CE to WD Sheets): .....	24
Figure 31	Local Intra-Connector Bridging on CE Sheet Connectors: .....	25
Figure 32	Fuse Connectivity to CE Plug Connections: .....	26
Figure 33	Fuse Block Internal Gang Connections .....	26
Figure 34	Relay Connectivity to CE Plug Connections: .....	27
Figure 35	CE Plug Connector Internal Connections to Other Plugs: .....	27
Figure 36	Generic Electrical Symbol for SPST Switch: .....	44
Figure 37	The Basic 'Dr Frankenstein' SPST Switch: .....	44

Figure 38	SPDT & DPDT Knife Switch: .....	45
Figure 39	Wash/Wipe Compound Column Switch: .....	47
Figure 40	Porsche Symbol Representation of Bulbs: .....	49
Figure 41	Typical 928 Incandescent Bulbs Types: .....	49
Figure 42	Examples of H5 (USA), H4 (ROW) & H3 Halogen Bulbs: .....	50
Figure 43	Generic & Porsche Representations Of Typical Relays: .....	53
Figure 44	Porsche Relay Photos & Bottom Pin-Out Diagram: .....	54
Figure 45	Generic Single Throw and Double Throw Relays: .....	54
Figure 46	ATC Blade Fuse Photograph: .....	55
Figure 47	Fuse Puller Tool & Storage Location: .....	56
Figure 48	Fuse Electrical Symbol: .....	56
Figure 49	Fuse Representations, Symbols & Connectivity Example: .....	58
Figure 50	Central Electric Plug/Socket Example: .....	60
Figure 51	Central Electric Plug Pin Examples: .....	61
Figure 52	Current Measurement Technique with DMM: .....	70
Figure 53	Voltage Measurement Technique with DMM: .....	71
Figure 54	Resistance Measurement Technique with DMM: .....	72
Figure 55	Symbol For A Resistor: .....	73
Figure 56	Variable Resistor Symbols – Rheostats & Potentiometers: .....	74
Figure 57	Thermistor Symbol: .....	74
Figure 58	Symbols for an inductor: .....	75
Figure 59	Symbol For A Capacitor: .....	76
Figure 60	Symbol for a Diode: .....	77
Figure 61	Symbols for an LED: .....	78
Figure 62	Polarity Independent LED Bulb Implementation .....	78
